For more information or to make a referral you can contact your local Psychogeriatric Resource Consultant or call the central access number provided by the Regional Geriatric Program of Toronto at

416-480-5881

Or visit our website at

<http://prcp.rgp.toronto.on.ca>

The program is funded by the Ministry of Health and Long-Term Care through the Central East LHIN

Psychogeriatric Resource Consultation Program of Toronto

A Knowledge to Practice Resource

Our focus

The Psychogeriatric Resource Consultation Program of Toronto began as part of Ontario's Strategy for Alzheimer's Disease and Related Dementias in 2001

Our focus is the knowledge-to-practice needs of caregivers in Long-Term Care facilities, Community Service Agencies and Home Care Services:

- Seniors with complex mental illness, dementia and additions
- Seniors whose circumstances are complicated by challenging behaviours

Your organization can benefit from the Psychogeriatric Resource Consultant's:

- Knowledge base, interprofessional skills and intersectoral background regarding mental illness and dementias including behavior management
- Various methods of delivering knowledge to practice enabling front line providers to more effectively manage specific care issues

Your PRCP consultant can

- Assess the learning needs of staff in Long-Term Care facilities, Community Service Agencies and Home Care Services
- Provide education and training in a variety of formats to meet identified knowledge to practice needs
- Provide problem solving and care plan implementation coaching
- Assist in transition management and referral processes
- Facilitate access to clinical and learning resources
- Advise, educate, facilitate and support caregiving teams and healthier work places

Our new PRC can provide KTP services to primary care in the downtown region

Who we support

Long-Term Care Facilities

- Nursing homes
- Homes for the Aged

Community Support Agencies

- Seniors' day programs
- Alzheimer day programs
- Respite care programs
- Supportive housing
- Seniors' centers
- Hospice & palliative care
- Caregiver support
- Client intervention
- Other seniors' agencies

Home Care Services

NOTE: PRCP Consultants do not provide clinical assessment or direct care for your clients. We will help you develop the skill and knowledge you need so that you and your staff can do this even better than you do already.
